

WHY READ?

From Your AUHSD Teacher Librarians

Learn more and know more!

The more you read, the more knowledgeable you become. Impress your friends, family and peers with your diverse and vast knowledge.

Increase your vocabulary!

The more words you read, the more words you learn. You'll do well on the SAT and win at family game night. Studies show that the better vocabulary you have, the more successful you'll be.

Improve your endurance!

Is reading a book like running a marathon? Yes, it is! It takes endurance and mental stamina to read and comprehend. Page by page is all it takes.

Connections to others!

Read a book because your friend or librarian suggested it. Connect with peers, family or those interested in what you're into. After reading, text or call someone who also read the book and discuss. Or set up a Zoom meeting and have a virtual book group!

Get lost in the magic of storytelling!

Read a book that has been made into a movie or a recent TV series on a streaming channel such as Netflix, Amazon or HBO. Then watch that movie/show. How do they differ? How did you see characters and places in your imagination - how were they portrayed in the show?
